Photograph, Film, and Videotape – Adult Consent Form

Thank you for your participation in the Upper Great Lakes Stewardship Initiative (UPGLSI) program! The Upper GLSI is a coalition of community and school partners in Marquette, Alger, Delta, and Schoolcraft counties operated out of the Superior Watershed Partnership. In partnership with the Seaborg Math and Science Center, the Upper GLSI trains teachers in place-based service learning and provides funding to help K-12 educators create opportunities for young people to enact solutions to environmental challenges. Projects and events are often documented through photographs, videos, and other media. Images and video are then used to share and promote our work through publications and materials including but not limited to: printed publications, the Upper GLSI website and newsletters, and social media sites.
